

We want you to have a great time at OSP 2024 this summer. As of July 23rd, we are at a level 2 fire restriction.

Here are some important rules for the event.

Please Bring:

Every vehicle must contain: Five-gallons of water dedicated for fire suppression, a shovel, and an axe.

This is required by the forest service. Very important this year as the conditions are very dry.

Generators: Allowed, when fully contained in the bed of a pickup truck/camper, or within an RV with exhaust 5 feet away from flammable material. If on the ground, generators must be placed in the middle of an 8x8 foot fire-resistant tarp.

Smoking: Not permitted outdoors. Allowed within vehicles or trailers.

Parking: No parking outside bare dirt/road surfaces. No parking allowed on vegetation that touches the exhaust system.

Fire Escape Route: Will be posted on site, and distributed in each attendee's registration packet.

An evacuation route will be included in your packet when you arrive at OSP.

Shelter-in-place Plan: Will be communicated to participants, who will be asked to prepare additional supplies and water. The one-in, one-out campers will be moved to the road system (800/802) and attendees will be confined to within 150 ft of the gravel roads.

OSP Admin: Will maintain phone call service and have on hand fire-reporting contact numbers. First-Aid links are posted in the permit.

Prevention: A prevention message flyer will be e-mailed to all participants and vendors and posted on the OSP Website re: dragging chains, pulling trailers, Shelter-in-Place Backup plan, fire exit directions.

Anticipate a USFS prevention/field ranger present through-out the star party.

In the event of changing conditions: Expect changes and restrictions added to this list, as announced during the star party. Please see notifications at the info tent board outside the tent.

All attendees Are required to comply with this list and any additions to it as announced and as conditions change.
